3B SMART ANATOMY CLOSING THE GAP BETWEEN DIGITAL AND ANALOG ANATOMY EDUCATION

Anatomy models are a highly effective tool for studying and explaining human anatomy and a great education solution for medical students, teachers and healthcare professionals alike. 3B Scientific is now offering customers an exclusive **digital anatomy course called 3B SMART ANATOMY**. Simply scan the label (QR or NFC) located on your model to access the course which is hosted inside the award winning **Complete Anatomy app by 3D4Medical**.

To access the 3B SMART ANATOMY course, simply download the Complete Anatomy app after scanning the label on your model. Once a model is registered, any number of additional people can scan the label and download 3B SMART ANATOMY on their own devices (mobile, tablet or desktop). Every registered model also received a **free warranty upgrade** from 3 to 5 years.

Simply scan the label on your model to enjoy all 3B SMART ANATOMY features:

- **FREE 1-year** access to the 3B SMART ANATOMY course hosted inside the Complete Anatomy platform by 3D4Medical
- The **3B SMART ANATOMY course** includes: 23 anatomy lectures, 117 interactive virtual anatomy models and 39 anatomy quizzes
- **FREE warranty upgrade** from 3 to 5 years activated upon product registration

As a **bonus**, you will have access to a free 3-day trial to all premium features of the Complete Anatomy app.

Scan or visit 3bscientific.com/3BSmartAnatomy to watch a quick video explaining all features and benefits of 3B SMART ANATOMY.

There is a **FREE** demo link at the end of the video so you can test 3B SMART ANATOMY right now!

Learn Human Anatomy like never before with the 3B SMART ANATOMY course:

- Discover human anatomy in amazing details with high quality rendered virtual models
- Watch the movement of the beating heart
- Dive deeper into the human body on the microscopic level
- Complete courses delivered by leading experts in human anatomy

3B SMART ANATOMY
