easyClip – an innovative kind of cuff.

Elderly people in particular often have difficulties in putting the blood pressure cuff on the upper arm in the correct manner. Our innovative easyClip cuff can be put on with just one hand, which makes taking measurements even easier, quicker and more convenient.

clip & start

Clip the cuff on to your upper arm with just one hand...

...close the hook and loop fastener, ensuring a snug fit...

...and you're all set to measure your blood pressure on your upper arm.

easyClip cuff

Suitable for upper arm circumferences of 22-42 cm
